PETITION TO ACCEPT COLOR DRAWING(S)/PHOTOGRAPH(S)
(37 CFR § 1.84 (a)(2) and(b)(2))

1. A Petition is hereby made to accept color drawings in this case, for the reason that the drawings are better understood when colors can be associated with aspects of the invention. For example, refer to Fig. 26. A blue section of physical memory is used as a PCI aperture. This blue section is then blown up and illustrated in greater detail. Showing the detailed view in blue indicates to the reader that the sections are alternate views of the same aspect of the invention. Because several sections of Fig. 26 are expanded to show detail, color facilitates correlation of the detailed views and macro-views. This illustration technique is used throughout the drawings, making color helpful in understanding the invention.
2. Three (3) sets of drawings are enclosed, comprising Figures 1-26.

3. The enclosed color drawings each bear the Attorney Docket Number, Application Number, Title of the Invention and Inventor Names of the application on the front of the respective document.
4. The first paragraph in that portion of the Brief Description of the Drawings at Paragraph No. 0009 presently contains the appropriate language for color drawings.
5. The petition fee (37 CFR § 1.17(h)) is paid as follows:

- ☐ A check in the amount of \$130.00 is attached. Please charge any deficiency or credit any overpayment to Deposit Account No. 23-3050.
- ☒ Please charge Deposit Account No. 23-3050 in the amount of \$130.00. This sheet is attached in duplicate.
- ☐ The Commissioner is hereby authorized to charge payment of the above fees associated with this communication or credit any overpayment to Deposit Account No. 23-3050. This sheet is attached in duplicate.
